The Flash Sale Strategy

Implementation of **3 structured bonus dollar flash sale days** per year.

Zero additional marketing spend—the campaign exclusively leveraged existing email lists and precise timing.

Managed end-to-end by Xperigift, requiring less than 24 hours of total staff time for approval.

AD SPEND

90% of campaign performance depends on three factors

01

INCENTIVE

Give them a reason to buy now. Bonus dollars (e.g., Buy $100, get $15) are the most consistent driver of sales volume.

02

DEADLINE

Open-ended offers do not convert. A clear end date and final reminder sequence multiply conversion by 2-3x.

03

SCARCITY

Limited packages or exclusive early-access for the first buyers create urgency that triggers immediate action.

WITHOUT THESE THREE, GIFT CARDS REMAIN A PASSIVE CHECKOUT OPTION.
